Chief, Real Estate and Construction

Reorganization and Relocations Affecting the [REDACTED] Station
and its Bases

25X1A6a

REFERENCE: Memo to All Staff & Division Chiefs, OL, from Chief Admin. Staff, OL,
dated 29 September 1958, Subject: same

1. The attachments to the reference contain recommendations regarding moves of facilities between FE bases and transfer of personnel, which indicated that the following personnel changes might be effected: [REDACTED] increased by [REDACTED] and [REDACTED] Several or the personnel involved are single [REDACTED]

25X1A

2. The impact of the foregoing personnel changes on facilities was discussed with the Chief/FE [REDACTED]. He advised that the basic premise of the moves described is that no new facilities will be requested. He further advised that this would be possible since the additional personnel at [REDACTED] would be quartered in [REDACTED] or in private rental houses, and the additional personnel at [REDACTED] would be quartered in [REDACTED] in existing vacant houses or in houses which will become vacant on rearrangement (i.e. moving single personnel [REDACTED] or in some cases limiting a family to 1 unit in a Duplex instead of 2 units in a Duplex building. Chief/FE [REDACTED] advises that at [REDACTED] there are sufficient quarters available [REDACTED] rooms, and general flexibility, so that further studies on the availability of houses are not necessary at this time. In any event new facilities are not proposed in connection with the proposed moves.
